

## YOUNG'S BRIGADE HAS BEEN LOCATED

Arrived At Vigan In Good  
Condition On the  
Fifth Inst.

## BATTLE WITH REBELS

Insurgents Made a Strong Re-  
sistance But Were Finally  
Dispersed.

Details of the Battle At Vigan.—Com-  
pany R of the Thirty-Third With  
150 Sick Men Bore the Brunt of the  
Conflict—Fighting Was From Home  
to Home and Hand to Hand.

Washington, Dec. 7.—[Special Cable-  
gram]—General Young's brigade, which  
according to dispatches had been lost  
on the island of Luzon for several days,  
has been located. Gen. Otis cables this  
morning as follows:

"General Young reports his arrival at  
Vigan on the evening of the fifth, hav-  
ing encountered a force of the enemy at  
Nabagan, twelve miles south of the  
city, whom he drove to the eastward of  
the same into San Quentin canyon. His  
troops are now pressing them back. The  
country is extremely rough and they  
are strongly entrenched. About  
six hundred prisoners escaped.

"It is reported that the enemy al-  
lowed all but the American and promi-  
nent Spanish prisoners to escape. From  
Bangueo. The latter were driven back  
into the mountains. Our casualties  
were one killed and twelve wounded,  
mostly lightly. The enemy left in the  
trenches twenty-five dead. A few rifles  
and forty shrapnel were taken. Young  
has sufficient troops to meet all difficul-  
ties.

Insurgents Are Scattered  
The following cable was received from  
Gen. Otis at noon:

"In central Luzon there is no insur-  
gent force of any importance, except in  
the Balaene province near the moun-  
tains where Pilar holds together one  
thousand or more men which will be at-  
tacked soon. General Grant has moved  
a small column down the east coast of  
Bataan Province, encountering little op-  
position. A column moving westward  
from the mountains expected to reach  
the western coast of Luzon on the ninth  
inst. Many small insurgent armed  
bands are in the country robbing and  
in some instances murdering the inha-  
bitants, which are being pursued by the  
troops quite successfully. To the south  
of Manila the insurgents still maintain  
their positions. The necessary force to  
scatter them will be sent soon."

SICK SOLDIERS ROY AN ARMY.  
Vigan Is Defended by Americans and  
the Hospital.

Manila, Dec. 7.—Lieut. Col. Parker  
of the Forty-fifth infantry commanded  
at Vigan, province of South Ilocos,  
when that place was attacked Monday.  
Dec. 4 (not Tuesday night, as pre-  
viously announced) by a force of in-  
surgents. The American force con-  
sisted of company B of the Thirty-  
third regiment and 150 sick men,  
many of whom shared in the first at-  
tack, which was made at 4 o'clock in  
the morning and lasted until 8 o'clock.  
The Filipinos, who were estimated  
to have numbered about 800 men and  
were commanded by Gen. Mino, came  
from the outskirts of the town to the  
port. The fighting was from house to  
house, and almost from hand to hand.  
The Americans captured eighty-four  
rifles and several prisoners. The offi-  
cial report says that three men were  
wounded.

Col. Bisbee is sending re-enforce-  
ments to Vigan on board the gunboat  
Wheeling.

Col. Parker praised the bravery of  
the sick American soldiers. Every  
man who was able to stand handled  
a rifle during the attack.

Rights for Spaniards.

Madrid, Dec. 7.—In the chamber of  
deputies Premier Silvea announced  
that, as a result of the representations  
of the government of Spain, the United  
States government had instructed its  
authorities in Cuba, the Philippines  
and Porto Rico to recognize the na-  
tionality of Spaniards in these places.

## ELEVEN DEATHS IN ONE DAY

Dreadful State of Affairs in the State of  
Kentucky.

Frankfort, Ky., Dec. 7.—When the  
news of the burning of Coleman at the  
stake in Maysville reached Governor  
Bradley he said:

"This is a terrible disgrace to Ken-  
tucky; this together with the rest, will  
keep a decent man from ever coming  
into Kentucky."

The governor will offer a reward of  
\$500 each for the apprehension of the

ring leaders and accessories to the  
crime.  
Given below is a list of how eleven  
persons met death during the last  
twenty four in Kentucky, the state in  
which probably occurs more death by  
violence than any other.

Josie Baird, killed by railway tor-  
pedo at Fulton.

James Harlan, saloon keeper, killed  
by William Farmer at Louisville.

Mrs. Leslie Jump, burned to death at  
Williamstown.

William Carmichael, burned to death  
at Middlesborough.

O. D. Saunders, while teaching in a  
church at Altonville, called out by  
enemies and killed by William Harlin.

Dick Coleman, burned to death at  
stake by mob of several thousand at  
Maysville.

Dick Morgan, ambushed on Poor  
Fork, Harlan county, by Will Peach.

Stewart Jones, shot by Jack Robbins,  
on Jocks Branch, Belle county.

Thomas Jackson, killed by mad dog  
at Hopkinsville.

Aaron Hughes, killed by John Carlise,  
in crap game, at Louisville.

Attorney A. M. Tudore, throat cut by  
John Hall at Richmond.

## HOLD A BRIEF SESSION

Speaker Henderson Announces His  
Associates on the Rules  
Committee.

Washington, Dec. 7.—[Special Tele-  
gram]—The house held a brief session  
today. No important business was  
transacted. Speaker Henderson an-  
nounced his associates on the committee  
on rules as Dalzell and Grosvor, re-  
publicans, and Richardson and Bailey,  
democrats.

When Chairman Taylor called the  
first meeting of the special committee  
appointed to consider the Roberts case  
all members were present. Some of the  
members think it may be necessary to  
send to Utah for witnesses and records,  
and therefore that no report can be ex-  
pected for a month or more. Others  
are of the opinion that Roberts may ad-  
mit all that is necessary to enable the  
committee to reach a decision and that a  
conclusion can be reached next week.

## TO DECIDE FOR TAYLOR

Kentucky Democratic Election Board  
Likely to Stir Up Bloody  
Riots.

Frankfort, Ky., Dec. 7.—[Special Tele-  
gram]—Arguments before the state  
election commissioners were closed this  
morning. It now appears that a final  
decision of the board will be given for  
Taylor. There is a possibility of a court  
injunction.

## TIED HIMSELF TO HORSE'S TAIL

Indiana Man's Peculiar Mode of Self  
Destruction.

Eckley, Ind., Dec. 7.—A young man  
named Bystrand, who had been working  
on a farm in this neighborhood, adopted  
a terrible means of self-destruction a  
day or so ago. He tied himself to the  
tail of a vicious horse, and the animal  
kicked his brains out. Bystrand told  
some of his friends good-by on Satur-  
day, saying that he was going on a long  
journey. Yesterday his lifeless body  
was found in a pasture where it was  
dragged to and fro by a horse. The man  
had tied one end of a rope around his  
own neck, and the other end to the  
horse's tail. Bystrand's head was crushed  
into a jelly.

## SCANDAL IN SOUTH DAKOTA

Charges Against Insane Hospital At-  
tendants at Yankton.

Yankton, S. D., 6.—The State Insane  
Hospital scandal, culminated today  
when seventeen attendants, composing  
the heads of nearly all the wards, handed  
in their resignations. The trouble  
grows out of charges of incompetence,  
drunkenness, and criminal carelessness,  
resulting in the death of a patient, fire  
in one of the wards, and an assault by  
one asylum physician upon another.

## GEO. CHARLTON SHIPS STOCK

Plenty of Hogs and Cattle Leave for the  
Chicago Market.

George D. Charlton, the well known  
live stock buyer, shipped from this city  
last evening two cars of hogs and one of  
cattle. Sunday night he shipped two  
cars of live stock. All were billed to the  
Chicago stock yards. Live stock is being  
eagerly sought throughout the  
country of late and is bringing good  
prices.

## An Accident at Beloit

Beloit, Wis., Dec. 7.—One hundred  
workmen at the John Thompson & Sons  
pulp and machine works had a narrow  
escape from death yesterday, when the  
third floor of the factory, overburdened  
with 100 tons of machinery, collapsed.  
The warning given by the breaking tim-  
bers afforded the men barely time to  
rush from the building.

## Cheese Shippers' Meeting Postponed.

Madison, Wis., Dec. 7.—The meeting  
of railway officers and cheese shippers,  
which was to have been held Wednesday,  
adjourned until December 13, as several  
who wished to attend were unable to be  
here. Commissioner Rice expects to  
get the new rates for cheese in effect  
before January 1.

## EVERY DAY DEVELOPS A NEW SCANDAL

BRIBERY CHARGES MADE IN  
PLANKINTON BANK CASE.

Milwaukee County Board Passes a  
Resolution For a Vote on \$800,000  
Railway Bonds Proposition—Life  
Ends In a Jury Box—State  
News.

Milwaukee, Wis., Dec. 7.—In the  
Plankinton bank case yesterday after-  
noon in the argument before Judge  
Johnson, Attorney James G. Flanders,  
on behalf of William Plankinton,  
charged that at least one of the names  
signed to the petition for the removal of  
William Plankinton as assignee was a  
forgery. This aroused Moritz Wittig,  
who declared that he considered this a  
personal charge against him and his  
brother attorneys, and on behalf of  
himself and M. M. Riley declared that  
they had been offered \$5,000 by the  
firm of Winkler, Flanders, Smith,  
Bottom & Vilas to allow William Plank-  
inton to remain as assignee of the bank.  
Nearly every day develops a new scan-  
dal in the Plankinton case, and no new  
phase of the matter seems to cause any  
great surprise. A leading lawyer said  
today that he would not consider it

# CRONJE CONCENTRATES AT SPYTFONTEIN

He Will Dispute Methuen's Progress Toward Kimber-  
ley—Kaffir Story of a Boer Defeat at Ladysmith  
Is Not Credited—British Are In Communication  
With Kimberley—Relief For Ladysmith Said to  
Be In Sight.

Modder River Station, Dec. 7.—[Special  
Cablegram]—Gen. Cronje, who has  
been concentrating his army at Spyt-  
fontein, six miles north of here, has been  
reinforced by three thousand Boers from  
Natal.

The new bridge over the Modder river  
being constructed by engineers is rapidly  
nearing completion. Gen. Methuen  
is waiting for this to get his artillery  
across, when he will be in condition to  
advance on the last stage of Kimberley.

Ten naval guns with Lyditte shells  
are expected. Gen. Methuen has been  
reinforced by the Twelfth Lancers and  
more field guns, tents and stores have  
arrived. It is expected that the rest of  
the reinforcements will be here inside of  
a week.

Twelve British wounded died yester-  
day. A few cases of fever have ap-  
peared, probably because of the many  
corpses in the river, consequently the  
camp has been shifted back. The morale  
of the troops is excellent.

## Kruger is Getting Anxious

Lorenza-Marques, Dec. 7.—[Special  
Cablegram]—President Kruger is an-  
xious to go to the front, but is being dis-  
suaded from the move by Transvaal  
officials.

## Doubt a Kaffir Story

London, Dec. 7.—[Special Cablegram]  
—A Dalziel dispatch from Durban, Dec.  
5th, asserts on Kaffir authority that the  
Boers made a final assault on Lady-

smith December 4th, opening with a  
furious bombardment. The British met  
the Boers and drove them back, the lat-  
ter retreating with the loss of hundreds.  
They say the siege of the town is prob-  
ably raised. The story, coming from  
Kaffirs, is looked upon with suspicion.

## In Touch With Kimberley

Cape Town, Dec. 7.—[Special Cable-  
gram]—General Walker has received an  
official "dispatch" from Gen. Methuen  
dated Dec. 6th, saying that he had re-  
sumed command of his column, and was  
in nightly communication with Kimber-  
ley. The health of his troops is excel-  
lent. Some of the Boer prisoners who  
arrived here say if Kimberley is relieved  
many Free Staters, dissatisfied, will stop  
fighting.

## Important News, if True

London, Dec. 7.—[Special Cablegram]  
—The most important news, if true,  
reached here today from Natal was con-  
tained in the Frere dispatch dated De-  
cember 2, saying: "Clerly has arrived."  
Clerly is commanding the second col-  
umn of the Ladysmith relief force and  
the dispatch indicates that his force has  
joined with Hilyard. It is further re-  
ported that the engineers have com-  
pleted a temporary bridge at Frere over  
which the British artillery can be trans-  
ported. The war office is mum on the  
subject of Buller's plans. It is not  
known if he himself has started for the  
front.

On the other hand if he enters a plea  
of not guilty, he will be obliged to as-  
sert the lack of legitimacy of the twins  
born to his second wife.

He hopes to avoid this predicament  
by a mixed plea, neither affirming nor  
denying the charge of living with more  
than one wife, but holding to the theory  
that such associations are, under the  
Utah law, a misdemeanor and not a  
felony, and hence, as members of con-  
gress cannot be arrested for the former  
offense, they cannot be deprived of their  
seats for the same thing.

The members of the house are not  
disposed to try the case on technicalities.  
If he is proved guilty it will be held that  
his pardon is vacated and he returns to  
the status he held when he was in the  
penitentiary, when of course his rights  
of citizenship were lost and he could not  
be a member of the house.

The issue is one of fact, not of law,  
and the decision of the house cannot be  
reviewed by any court, as each house  
under the constitution, is the sole judge  
of the qualifications of its members.

## Financial Bill a Party Matter

It was determined at the caucus held  
by the republicans of the house to make  
the financial bill a party measure and  
take it up for consideration next Mon-  
day. It will be debated about four  
days and a vote will be taken Thursday  
or Friday of next week.

Changes in Constitution Suggested

## ROBERTS PLEA MUST BE ON THE FACTS

PECULIAR POSITION OF UTAH  
MAN BEFORE HOUSE.

He Will Make a Mixed Plea to Avoid  
Arrest and Trial On a Criminal  
Charge—Plans to Advance the  
Finance Bill—Amendments to  
Constitution.

Washington, D. C., Dec. 7.—As a re-  
sult of the proceedings in the house the  
Roberts case now presents a new and  
totally different phase. Hitherto the  
issue has been one of procedure only.  
Roberts had the technical side in his  
favor, and the only question was wheth-  
er he could be deprived of his seat and  
the right to take the oath pending in-  
quiry into his qualifications. The house  
decided the matter adversely to him  
without going into the merits of the  
case at all. Now, however, the power  
of the house to inquire into the qualifi-  
cations of its members is undisputed,  
and the question at issue is solely  
whether Roberts has obeyed the law  
since his pardon.

## Will Make a Mixed Plea

In effect he will be asked to plead to  
the facts. If he enters a plea of guilty,  
his seat will be permanently vacated.

ris of Kansas and Clay of Georgia intro-  
duced resolutions providing for amend-  
ments which will permit the levying of  
an income tax without regard to the  
source from which it is derived.

Senator Clay also wants that old docu-  
ment amended so as to provide for the  
election of senators by the direct vote  
of the people; the Legislature of Wis-  
consin wishes it changed so as to  
abridge the operation of trusts; and  
Senator Carter wants an amendment  
which will permit congress to regulate  
marriage and divorce.

## POPE LEO TAKES TO HIS BED

His Holiness Confined with a Cold—  
Reception Postponed.

Rome, Dec. 7.—The pope is confined  
to his bed with a cold. All receptions  
have been postponed.

This morning the pope is still abed  
with his cold but this is not necessitated  
by the seriousness of his condition, but  
is advisable on account of wet weather.  
It is announced that his cough has  
abated.

## STRIKE ON AT RACINE

Over 600 Iron Moulders of the Belle  
City Out for Higher  
Wages.

Racine, Wis., Dec. 7.—The long-ex-  
pected strike of the iron moulders of  
this city took place today, and it is es-  
timated that there were 600 men out. An-  
other conference was held this morning  
between representatives of the National  
Foundrymen's association and of the  
union, but no agreement could be  
reached. The union representatives  
wanted the bosses to sign an agreement  
to pay \$2.50 to \$2.75 per day and 10  
per cent increase for piece workers.  
They are willing to pay the wages, but  
not sign the agreement, and refused to  
treat with the union, instead of with the  
men. This was not satisfactory to the  
union representatives and the strike was  
called.

## LARSON IS IN POOR SHAPE

Crack Badger Half Back Will Not Be  
Able to Play.

Madison, Wis., Dec. 7.—The Badgers  
were given secret practice last night,  
and nobody that was present was willing  
to talk about the work. The men were  
out for close to an hour and a half and  
"Buck" Richards who seems to be the  
best player of Phil King whenever the  
latter decides to give up football, joined  
the coaching squad today. All that  
was given out about the work was that  
everyone but Larson was out and that  
nothing more than signal work and  
practice in handling punts was given.

It seems now that Larson will be un-  
able to get into the game Saturday.  
Capt. O'Dea announces that Wilmarth  
would go in at right half in place of  
Larson. Larson's condition has been  
worrying the coaches and trainers for  
last few days but it was not thought  
his injuries would keep him out. It  
seems he was not in very good shape  
last Thursday because of the short time  
he was in training and the hard game  
against Michigan was too much for him.  
His loss is going to weaken seriously  
the back field. Wilmarth, although a  
fast, aggressive player, lacks the weight  
and defensive ability of Larson. Of  
course there is a bare chance of Larson's  
playing a part of the game but it is  
hardly considered a possibility. This  
will make the line-up against Chicago  
the same as against Michigan, with the  
exception of Comstock at left guard and  
Wilmarth at right half back.

About 5,000 seats for the game have  
been sold already and the rush con-  
tinues. Director Stagg of Chicago has  
telegraphed for more in addition to 1,600  
already sent and McConville went to  
Chicago today with 700 additional. It  
is announced that President Harper of  
Chicago will be a guest of President  
Adams and will occupy a box with the  
Wisconsin president at the game.

## WILL WED AN ITALIAN DUKE

Miss Susan Tilghman, of Philadelphia, to  
Become a Wife.

Philadelphia, Pa., Dec. 7.—It is an-  
nounced that in January Miss Susan  
Tilghman, daughter of Mrs. Richard  
Tilghman, will be married to Sig. Ro-  
derico Lauti de la Rovera, son of Duca  
Lauti de la Rovera. The wedding will  
be a quiet one as the Tilghman family  
are in mourning. Immediately after  
the ceremony the bride and groom will  
sail for Italy.

The family of Rovera is one of the  
most ancient in Rome and its eventful  
history can boast of two Popes and a  
number of cardinals. The mother of the  
present Duke was an American.

Miss Tilghman will be received in the  
Roman Catholic church before her  
wedding.

## Workhouse at Monroe

Monroe, Wis., Dec. 7.—The city coun-  
cil has decided to cooperate with the  
county in an effort to do away with  
the tramp nuisance, and a workhouse  
for tramps will be completed next week.  
The city will furnish stone, and the va-  
grants will be made to work or go with-  
out food. John Baird has been appoint-  
ed special officer to have charge of the  
workhouse. Hereafter vagrants may be  
committed to the workhouse instead of  
to jail.

## Death of A. W. Griswold.

Waukesha, Wis., Dec. 7.—A. W. Gris-  
wold, the father of Judge M. S. Gris-  
wold, aged 90, died at his home in  
Pewaukee, yesterday morning. He was  
a native of Montgomery county, N. Y.,  
and came to Wisconsin in 1844.

## DID RACINE BANDIT DO WORK HERE?

Description Fits the Robber  
Who Entered McKey's  
Home In Janesville.

## USED SAME METHODS

He Operated In Broad Daylight  
and Exhibited His Gun  
Freely.

## Great Excitement In Racine Over the

Shooting of Rev. Mr. and Mrs.  
Cheney Yesterday—Both the Victims  
Are In a Critical Condition—Robber  
Has So Far Avoided Capture—Large  
Reward Offered For His Apprehen-  
sion.

Is the man who shot Rev. and Mrs. D.  
B. Cheney of Racine, yesterday, the  
same one that tried to rob the residence  
of ex-Alderman and Mrs. George M.  
McKey?

A Racine dispatch to The Chicago  
Tribune might warrant this conclusion.  
The man is described by the Tribune  
correspondent as about 22 years old,  
with smooth face and dark complexion,  
and wearing a short gray overcoat,  
a business suit with dark trousers, and  
a brown stiff hat. He is about five feet  
seven inches tall, well built, and rather  
good looking.

This description does not tally ex-  
actly, but in a general way it covers the  
appearance of the man that was here.  
His method of working was the same, as  
he had been prowling about the resi-  
dence districts of Racine for the last  
three or four days, and had been noticed  
by many persons. He entered the house  
of Mr. Cheney, who is pastor of the  
First Baptist church of Racine, at 10  
a.m., in full view of several neighbors,  
who supposed at the time that he had  
business there. He also entered the  
McKey house in broad daylight.

## GREAT EXCITEMENT AT RACINE

Mr. and Mrs. Cheney Are Both in a Crit-  
ical Condition.

Racine, Wis., Dec. 7.—[Special Tele-  
gram]—The shooting of Rev. and Mrs.  
David B. Cheney by an unknown man  
who entered the house with probable in-  
tent of robbery has caused the greatest  
excitement here. Practically the whole  
city turned out last night to hunt the  
miscreant. Although twenty-five offi-  
cers were detailed and telegrams sent to  
every city within 200 miles, no trace of  
the assassin has been obtained.

It is believed that he is one of a Chi-  
cago gang that has been operating at  
Kenosha and Clinton and Janesville.  
The officers are inclined to think that  
he took refuge in some outbuilding or  
barn and will get away under cover of  
darkness.

## Both Wounded Dangerously

At 11 o'clock this morning the physi-  
cians stated that it would be difficult to  
say what the outcome of the wounds in  
both cases would be. The bullet fired  
at Mrs. Cheney entered at the neck and  
evidently passed through the windpipe  
and consequently the bronchial tubes on  
the left side of the left lung, are filled  
with blood. The bullet is lodged low in  
the neck and at the end of the apex of  
the left lung.

In the case of the Rev. Mr. Cheney  
neither of the bullets was located. The  
wound in the breast shows that the gun  
must have been held close to the body  
as the skin is burned off. The bullet  
must have glanced off and lodged in the  
muscular structures of the chest. The  
wound in the abdomen is dangerous. It  
may have penetrated the abdominal  
cavity.

## People are Aroused.

Hundreds of people have called at the  
home and it is believed that if the assas-  
sin is caught he will be roughly handled,  
as the people of the Belle City are  
thoroughly aroused. Mayor Higgins  
besides offering \$500 reward on the part  
of the city, states that he would be  
willing to pay \$500 out of his own  
pocket for the arrest of the assassin.

## Mr. Cheney's Career

The Rev. Mr. Cheney has been pastor  
of the Racine First Baptist church for  
the last six years. He is a graduate of  
both the literary and divinity schools of  
the University of Chicago. His former  
pastorates were at La Crosse and Su-  
perior, Wis. He was formerly president  
of the Wisconsin A. P. A. He is the son  
of the late Rev. Dr. David B. Cheney,  
who was for several years pastor of the  
Fourth Baptist church of Chicago. The  
Rev. and Mrs. Cheney have one child,  
a twelve-year-old daughter, who was in  
school when the shooting occurred.

He has always taken a great interest  
in politics, and during the administra-  
tion of Gov. Upham he controlled a  
number of important appointments.  
Later he fell out with the dominant fac-  
tion of the republican party in this  
state. Last winter he took an active  
part in the senatorial fight at Madison  
and supported Isaac Stephenson. It  
was he that discovered that the national  
head of the American Protective asso-  
ciation was in Madison in the interest of  
one of the other candidates.

## ESTELLE WILCOX STILL IN RACINE

JANESVILLE GIRL WHO RAN  
AWAY FROM HOME.

Says the Whole Thing Is a Great Big Joke—Tells Racine Police the Story of Her Life—Her Milwaukee Lover Is a Cripple and a Poor Boy.

Estelle Wilcox, the Janesville girl who eloped to Racine with a sixteen year old Milwaukee boy, is still in Racine. Miss Wilcox tells the following story to the police at Racine:

On Nov. 2, on account of being chided by her mother for neglecting some work, she decided to run away. She left the house at 5:30 in the afternoon and boarded a freight train, rode in an empty box car and went to Milton, where she met a Janesville youth who gave her money with which to purchase a railroad ticket to Milwaukee. Upon arriving in Milwaukee she went to a boarding house on Sixth street and remained there for eight days, but was compelled to leave on account of being unable to pay her board. She then visited the Jorgenson house on Reed street, and there met a young man.

At 10:30 o'clock Tuesday morning, Nov. 15, the couple met and boarded the 11 o'clock electric car for Racine, where they engaged board in a cheap lodging house and claimed to be brother and sister, saying that their mother was dead and their father abused them.

The girl told the parties who kept the boarding house that her brother was lame and subject to fits.

On the following Friday evening the young couple told the boarding house keeper that they had to go to Milwaukee, as their father had sent for them. They left on an evening train and attended a dance on Twenty-eighth, avenue and returned in the morning, remaining until Saturday evening.

The girl, who is rather pretty, said that she knew the police were after them, and Saturday evening she coaxed Jorgenson to take a walk to the Northwestern depot and board a train for Chicago. A freight train pulled into the depot and the girl jumped into a box car, but the boy, a cripple, refused, and the girl got off again. They then decided to take a train for Chicago, but were arrested shortly after going back to their boarding house.

## COURT HOLDS FOR GOBEL

Important Findings in Kentucky Election Contest

Frankfort, Ky., Dec. 7.—The Court of Appeals has drafted decisions in two cases which have most important bearing on the election contest and probably will mean victory for Gobel. The state board of election commissioners is said to have been informed of these findings, which have not yet been formally announced.

Meanwhile the Lexington members of the state guard were instructed to assemble at the armory last night. They were later dismissed and told to be in readiness to reassemble at a given signal. The cause for the assembling could not be learned, the officers saying they did not know.

In the local option case of Ohio county, the Appellate judges hold that the use of "tissue" ballots annuls the election.

In the second instance they hold that Judge Toney had no jurisdiction over the election in Louisville; that his mandatory order to officers of election, forcing them, as the Gobel men assert, to sign election returns which they claim were prepared by other persons, invalidates the election in such precincts in the city of Louisville.

Should the state election board follow these decisions, the returns from the counties of Johnson, Knox, Magallon, and Lewis and the city of Louisville may be thrown out. In this event the certificate of election would be issued to Gobel.

Should this end result the republicans will follow Attorney Humphrey's suggestions and ask the Court of Appeals to grant special elections in the districts concerned.

The mountain men say the remedy will be "fight."

## ACTS ON FINANCIAL BILL

Measure Accepted by the House Republican Caucus.

Washington, Dec. 7.—The house financial bill, with its unequivocal declaration for the gold standard, its provisions for an elastic currency and for the creation of national banks in small communities, was accepted by the republican house caucus Wednesday without a dissenting vote. Between twenty and twenty-five republican congressmen were absent from the caucus, but according to Mr. Overstreet, their views as to the advisability of calling the bill a law are known, and when the measure is called up for final passage they will be found voting in the affirmative.

Today Mr. Overstreet will introduce in the house a resolution commanding the committee on rules to consider the bill, and report a rule for it so that it may be called out for debate next Monday immediately after the house convenes. The details of the rules that will be formulated for the limitation of the debate have not been considered, but it is accepted as a fact that all speechmaking will have to be finished in time to permit the speaker to place the bill on its passage on the Saturday following its presentation.

The extreme activity of the managers of the measure is said to be due to the desire of the president to waste no time and spare no effort to get the bill into the senate for the consideration of that body. He wants it to become a law before the holiday adjournment, and he is convinced that his wish will be fulfilled if unnecessary speechmaking is eliminated from the senate and house programs.

## MADISON IS RICHER

Madison people spend large amounts of money for municipal expenses. At the last meeting of the council the aldermen made the annual tax levy. The total amount levied was \$162,297.07, this being exclusive of special taxes for street improvements, sewers, etc. The rate is the same as usual, 2 per cent, but the total is about \$8,000 more than last year, the assessment having been increased.

While Madison's rate of assessment is the same as ours, her rate of taxation is six-tenths of one per cent lower. A comparison of the city funds is of interest:

Fund.	Janesville.	Madison.
School fund.....	\$23,000	\$48,218
Fire and water fund.....	8,500	10,527
Police fund.....	2,800	7,500
Library fund.....	3,000	3,500
Lighting fund.....	12,000	10,000
Judgment fund.....	6,005	None.
General fund.....	15,000	45,351
Bonded debt fund.....	4,875	24,901

\*Salaries only.  
The total tax levy for city purposes in Janesville this year is \$91,970.54, while Madison is \$162,297.07. The difference shows the key to the situation—Madison has much more taxable property in proportion to her population, than we have. Her people pay less tax for the same reason that Chicago people pay less—because the market value of her real estate has been enhanced greatly beyond ours. With the exception of the library and lighting funds, Madison's expenses run from two to four times as much as ours.

The Rockford Republic has been collecting some police force statistics from Illinois towns and finds the forces offered as follows: Springfield, 40 men; Rock Island, 19; Galesburg, 12; Evans-ton, 12; Decatur, 19; East St. Louis, 32; Joliet, 31; Peoria, 54; Elgin, 15; Danville, 22; Bloomington, 32 and Aurora, 17. All these cities are larger than Janesville, but they all have more than one policeman to 5,000 people, which is about the proportion in Janesville.

Who would settle the bill for damages if a prisoner was burned to death in the city lockup, and no one was there when the fire occurred? Who would be censured if the same prisoner committed suicide? If the city is to maintain a lockup should not someone be in charge day and night? Is it safe or business-like to manage the lockup on the present plan?

Consumption is one of the most relentless of diseases. Tuberculosis is common among cattle. Prevention is better than cure, and Janesville, like other cities, should have a suitable milk ordinance.

We agree with our morning contemporary that all the poodles are not in the pound—some of them appear to be at large, and are yelping vigorously, as is the wont of poodles, at nothing at all.

Milwaukee, certain brewers claim, is "famous." New York, certain people claim, is "infamous." This being the case, which city should have the democratic national convention?

It will cost no more to have police headquarters than it does to maintain the present hit-or-miss system. Then why not try the plan, and see how it works?

Milwaukee, however, has the consolation of knowing that when she gets her street railway problem off her hands, something else will come up equally exciting.

At present no one is in charge of the city lockup—no keeper is hired. Suppose the place burned up while someone was locked in a cell?

Examine the milk! A cow that appears to be perfectly healthy may have tuberculosis, and spread the dread disease broadcast.

If France goes to war with John Bull the "polished Frenchman" will certainly "see his finish."

Shall the citizen do the running or shall the policemen do it? That is the question.

President McKinley's message was the document of a statesman.

"Pocket Monkey."  
A pet so tiny that it can be carried in a woman's muff is the "pocket monkey." This little creature has a face the size of a 10-cent piece, with small, even teeth, which he displays when uttering the soft, bird-like sound called forth by excitement or fear. His body is only a few inches long, but his plumed tail is long, and he curls it around his neck when sleeping.

**Will Consider Miners' Wages.**  
Chicago, Dec. 7.—The soft coal operators of Illinois are holding a meeting in this city today. Committees from each district will attend. Plans will be formulated and employers' demands decided upon for the joint conference to be held in Indianapolis in January. It is known that the miners will make a demand at the Indianapolis meeting that they be allowed through their officers to fix the market price of coal in the competitive district and that their wages will be determined on a sliding scale, regulated by the market price of coal.

**Objects to the Title.**  
The mother of the queen of Holland objects to the title of "dowager," and an official statement has been made by the young queen to the effect that her mother must not be called "dowager queen," but "Queen Emma of the Netherlands."

## FREDERICK O'BRIEN FINED TWO HUNDRED

### MAN OF DYNAMITE FAME GOES TO BASTILLE.

There He Will Remain For the Next Six Months Provided That His Fine Is Not Paid—Sentenced This Morning in the Municipal Court.

Frederick O'Brien, who while intoxicated placed and exploded a half pound dynamite cartridge on the evening of November 17 beneath a Western avenue residence for the purpose of frightening his wife, pleaded guilty in the municipal court at 10 o'clock this morning to the first count in the charge of assault with intent to do great bodily harm.

The court sentenced Mr. O'Brien to pay a fine of \$200 and costs or a total of \$208.14 and to remain at hard labor in the Rock county jail till the same is paid not to exceed six months.

At 9:45 o'clock this morning the defendant was brought into court by Sheriff Appleby. The court room was filled with people who had nothing else to do. At 10 o'clock Judge Fifield asked the defendant if he had anything to say.

John Cunningham, his attorney, addressed the court, stating that the defendant had nothing to say as the court was already familiar with all the points in the case.

Judge Fifield then administered a good talk that O'Brien will do well to follow. He said that the case was a serious one and that it was only an act of providence that O'Brien was not charged with murder. The court then stated that it realized that the defendant did not intend to commit murder. Drunkenness was no excuse for crime. O'Brien's duty was to provide for his wife and children. The defendant then stated that he had taken the temperance pledge and the court stated that it hoped he would always keep it.

"Whiskey leads you to do things that you would otherwise not do," said the court. "I don't believe you intended to harm your family. Your only safety is in letting drink alone and living up to a higher standard. Let this be a turning point in your life. Anyone that breaks over the law shall be punished. On account of your age and this being your first offense the court gives you a punishment light in proportion to the crime. Keep away from company that will lead you to drink."

### AN IMPORTANT RAILWAY DEAL

Rumored That Northwestern May Absorb the Union Pacific.

Marylin Hughtitt, president of the Chicago & Northwestern railroad and a director of the Union Pacific, has been in New York for the last few days, and he will remain to attend the semi-annual meeting of the Chicago and Northwestern directors, which is to be held here next Friday. In this connection there are rumors of important railway deals which may soon come to pass.

An influential officer of this company was asked today if there was likelihood of any change being made in the relations between the Chicago and Northwestern and Union Pacific at the approaching meeting, and he replied that he thought not.

This same officer of the Chicago and Northwestern, in commenting on the rumor that the Chicago and Northwestern was to be leased to the Union Pacific, said:

"I am not aware that there is anything going on, but if there was anything in that rumor I should say that the rumor-mongers have got the cart before the horse."

This idea is developing into a belief that the Union Pacific lines may be leased to the Chicago and Northwestern.

## PEMBER'S RETURN FROM EUROPEAN TRIP

### MRS. J. F. SWEENEY REMAINS IN BERLIN.

Will Study Music There For Some Time—Dr. Pember Took Two Months Course of Study At the Berlin University—Route Over Which They Traveled Was Extensive.

Dr. and Mrs. J. F. Pember arrived home last evening after a five months' trip in Europe. After landing in Ireland the doctor and his wife and Mrs. J. F. Sweeney made an extended trip in the Emerald Isle and then visited Scotland, Wales and England. From the British Isles they crossed the English Channel, landing at Dipe, France. On reaching the coast of the French Republic they took an awaiting train for Paris, in which city they remained a week.

While in Gay Paree they visited all points of interest, including the World's fairgrounds and the famed art galleries. They also made several side trips, including a day spent at Versailles, the home of royalty during the time France was ruled by kings and queens. From France they visited Belgium, spending considerable time in the beautiful city of Brussels. Then they made their way to Antwerp and across the border line into Holland.

In the land of the Dutch they visited The Hague, Rotterdam, Amsterdam and other cities of interest. Here on all sides they heard no end of talk pertaining to the British-Boer war the Hollanders loudly clamoring for the downfall of the British. From Holland they crossed into Germany going via Cologne and the famous river Rhine. In the city of Berlin is located the world famed Berlin University, which is today considered to be one of the greatest of medical schools.

In this university Dr. Pember took a two months' special course in surgery and medicine. He also spent some time in the leading medical schools and hospitals of England and France.

Mrs. Sweeney remained at Berlin to study music. Dr. and Mrs. Pember sailed home from Hamburg, Germany, landing at New York.

## MRS. JAMES LOUDEN DIED THIS MORNING

### DEATH ENDED HER SUFFERING AT TWO O'CLOCK.

### Was Terribly Burned Tuesday Afternoon By Gasoline—Demise of Mrs. Mary Brown a Pioneer Settler of Janesville—Other Deaths of People Well Known.

After suffering hours of untold agony Mrs. James Loudon died at 2 o'clock this morning at her home on Mineral Point avenue. Her death was due directly to the terrible burns received on Tuesday afternoon. Yesterday afternoon her condition took a sudden change and she gradually grew worse. All that attending physicians could do to relieve her pain was done by the administering of narcotics.

If Mrs. Loudon had lived, she would have been terribly disfigured and would have suffered for life. That death put a stop to it all seems a blessing in one sense of the word. Mrs. Loudon was fifty eight years of age and was a woman well known in this city where she has resided for many years. She attended the Presbyterian church. Besides a devoted husband she leaves two daughters, Miss Lucy and Miss Annie Loudon both of this city.

Mrs. Mary Brown.

At 3 o'clock this morning Mrs. Mary Brown died at her home 168 Washington street. Cause of her demise was the infirmities of old age. For several months Mrs. Brown has been confined to her bed but at this time she has been suffering patiently, not for once having a complaint to make. Mrs. Brown was one of the pioneer residents of Janesville having located here with her husband, Richard Brown, many years ago. She was a woman highly respected and was loved by all who knew her. Three sons are left to mourn the loss of a true and loving mother, John, William and Frank Brown.

Theresa Rissman.

Miss Theresa Rissman, aged thirty-three years, died yesterday afternoon at 3 o'clock as the result of consumption, at the Glen street home of her parents, Mr. and Mrs. Adolph Rissman. Her demise will cause sorrow in many homes, as Miss Rissman was well known. The funeral will be held Saturday afternoon at 2 o'clock from the house. The interment will be in Oak Hill.

Mrs. T. C. Hudson.

The many friends of Rev. T. C. Hudson of New Payneville, Minn., formerly of this city, will be pained to hear of the sudden death of his wife which occurred at the hospital, Dec. 4.

## TWELVE CATTLE ORDERED KILLED

### STATE VETERINARY CLUTE CALLED HERE.

Animals Were the Property of William Sherman in the Town of La Prairie—Dr. E. D. Roberts Reported the Case—Afflicted With Tuberculosis.

Suffering with that consumptive disease known as tuberculosis, twelve head of cattle were butchered this afternoon on the William Sherman farm in the town of La Prairie.

State Veterinarian H. P. Clute, of Marinette, Wis., arrived in the city today and attended the killing, accompanied by Dr. E. D. Roberts, the local veterinary surgeon.

Several days ago Dr. Roberts went to the Sherman farm and made the necessary tests.

Twelve head of cattle showed strong symptoms of being afflicted, and Dr. Roberts reported the matter to Dr. Clute. Other cattle examined on the Whipple farm were found to be in good health.

When State Veterinarian Clute orders cattle killed the state of Wisconsin stands two-thirds of the value and the owner the other third. Three disinterested appraisers fix the value of the cattle to be slaughtered.

## SAY MAKEING HAS FALLEN.

Report to This Effect Posted at Dundee Nov. 29.

## METHUEN IS STILL WAITING.

British Commander Wants Stores, Guns and Ammunition Before He Will Continue His Advance—Gen. Gatacre Surrounded by Boers.

Lourenzo Marquez, Dec. 7.—A Boer report posted at Dundee, Nov. 29, says Makeing has fallen.

The latest direct advices from Makeing are dated Nov. 21. The condition of the town was then becoming desperate.

London, Dec. 7.—Ladysmith has established heliographic communication with Camp Frere and it is reported that all was well up to Sunday. A dispatch from the Boer laager, by way of Lourenzo Marquez, dated Thursday, Nov. 20, confirms the report that the commandos have been closing in upon Ladysmith and mounting big guns in new positions.

Modder river dispatches say that the Boers are encamped amid the hills half way to Kimberley, but it is also asserted that a large body of the enemy has gone in the direction of Jacobsdal. It is possible, therefore, that Lord Methuen may endeavor to clear his right flank as far as Jacobsdal before continuing his advance. He is still waiting at Modder river for stores, guns and ammunition.

It is alleged that the Boers used Martinis and explosive bullets in repulsing a sortie from Kimberley, and that they frequently fired at the British ambulance wagons. The British captured twenty-eight of the enemy.

A dispatch dated Queenstown, Cape Colony, Dec. 2, says that the Boers have become very active in the country around Stormberg Junction, to which Gen. Gatacre will make his next move.

The telegraph lines have been cut in various places and communication with Steynsburg, Dordrecht and Mairisburg has been severed. It is believed at Queenstown that the Boers have occupied Steynsburg. Firing has been heard in the direction of Stormberg, probably between Gen. Gatacre's vanguard and the Boer commando.

London, Dec. 7.—A dispatch from Frere camp, dated Dec. 5, says: "The Boers are firing into Ladysmith. It is rumored that 6,000 Free State troops have left Ladysmith, entertaining the gravest fears as to the safety of their own country. Several of the British guns in Ladysmith have been shattered by the Boer big gun."

Authority Not Recognized.

London, Dec. 7.—The correspondent of the Daily Mail at Cape Town, cabling under date of Dec. 1, says the Transvaal government obstinately refuses to furnish the American consul at Pretoria with information concerning the British prisoners. The authorities say that Gen. Buller must apply to Commandant Joubert for such information, and refuse to recognize the right of the United States to intervene.

Gen. Joubert Seriously Ill.

Pretoria, Saturday, Dec. 2 (via Lourenzo Marquez, Dec. 4).—Gen. Joubert is indisposed and has arrived at Volksrust, across the Transvaal border, for medical treatment.

A dispatch from the head laager, where Gen. Schalkburg is in supreme command during the absence of Gen. Joubert, announces that a council of war was held Dec. 2, with reference to assaulting Ladysmith.

Plan Revolt in France.

Paris, Dec. 7.—The socialist congress, having blamed M. Millerand in every form of invective and from every point of view, passed to a discussion of the best means of promoting a revolution in France. Briand declared that the only way to bring about a revolution was by inaugurating a universal strike and thus paralyze all French industry. Jules Guesde, always an extremist, vehemently declared that the socialists must unite to bring on a revolution with guns. In reply, Briand stated that with the present perfection of bourgeois police system a revolution could not possibly be organized at present by revolt. He declared that a universal strike was the only means. His proposals were greeted with shouts of wild enthusiasm.

National Woman Suffrage Meeting.

Indianapolis, Dec. 7.—Many of the most prominent women of the country, including Miss Susan B. Anthony, Mrs. Carrie Chapman Catt and Mary G. Hay, who are the officers of the National Woman's Suffrage association, are in attendance on the national conference, which began today. A call has been issued for the national convention of the association to meet in Washington City Feb. 8 to 14, 1900.

Probing Military Affairs.

Lansing, Mich., Dec. 7.—The grand jury investigating rumors of official corruption among state officials spent the entire day Wednesday listening to the statements of Representative C. C. Phillips of Van Buren, chairman of the legislative committee which made an investigation of the state military department last winter. His testimony was not finished last night and he will occupy the witness stand today.

Pope Leo Takes to His Bed.

Rome, Dec. 7.—The pope is confined to his bed with a cold. All receptions have been postponed.
